Notice: The Workers' Compensation Act requires the employer to pay for the medical services reasonably necessary for cure and relief from the effects of a workplace injury or disease.

The employee may choose the physician (including chiropractors, etc.) who treats him as "designated physician." The designated physician is responsible for the coordination of the employee's medical care and may refer the patient to consulting or treating physicians as required. Except in an emergency, all treatment must be performed by or on referral from the designated physician. The employee may not change his designated physician more than once without the medical payment obligor's consent.

This form identifies the designated physician and must be returned to the medical payment obligor within ten (10) days after treatment begins. An identification card will be provided to the employee, and that card should be presented when medical treatment is required.

Inquiries shall be made to the listed representative of the medical payment obligor.

This form is not advance authorization from the workers' compensation medical payment obligor for medical services.
